6.4 Parking Expansion Plans

By March 1, 2020, the City of Rock Hill’s first paid parking program will be in full effect in University Center. University Center, a 23-acre mix-use redevelopment site, is part of the City’s “Knowledge Park Initiative” which is a strategic public-private effort to link Winthrop University to Downtown Rock Hill through a number of mediums (see map – Exhibit A). By early spring 2020, University Center is expected to see standard transient activity on a daily basis, large special event crowds on a weekly basis, and tenant parkers on a monthly basis. Taken together, this is going to yield an unprecedented amount of parking activity for the City of Rock Hill.

Also by March 1, 2020, the City intends to offer a full-scale mobile parking payment option to its University Center customers. However, it should be clearly noted that it is not the City’s intention to limit this mobile parking payment option to University Center customers only. Rather, as the new City Parking Division expands in operation, and as the paid parking

program expands throughout the entire Knowledge Park Corridor, which includes both existing and future parking locations, the City intends and expects the procured Mobile Parking Payment System will promptly adapt and serve the City’s and its customers’ needs accordingly.

Therefore, the City of Rock Hill fully assumes that the Proposer will use the following parking information offered about the City’s parking system as a foundation for structuring a Proposal for City staff review:
